(Hudson, Ohio, USA / April 5, 2011) – Radcom, Inc., a custom learning solutions consulting firm in Hudson, Ohio, has been selected as a 2011 NEO Success Awards winner. *Inside Business* magazine recognized Radcom's achievements, along with 75 other regional businesses, at an awards luncheon on March 24 at Executive Caterers at Landerhaven.

Since 1995, the NEO Success Awards program has celebrated the growth and successes of Northeast Ohio's top-performing public and private companies. The award is based on a combined measurement of sales growth and profitability. For Radcom, growth in the last few years has resulted in new clients, increased staff, and a move to a new and larger facility which allows them to offer professional and leadership development courses.

"We're thrilled to win this award for a second straight year and be in such good company as the other award winners," said Radcom president and founder, Bob Dianetti. "We expect to continue our growth and have recently restructured our organization to better meet the needs of our clients in Northeast Ohio and beyond. This is an exciting time for companies in our region with the vision, plan, and prowess to succeed."
